- Pre-authorisation is required
- A 3 month waiting period applies

Chronic medication is medicine that you need to take daily on an ongoing basis. If you have one of the twenty-six chronic conditions listed above, you will have access to the chronic benefit.

How should you register for the chronic benefit?

You will need to visit a Network GP. If your GP diagnoses one of the twenty-six chronic conditions, they will need to call us on 0860 10 29 03 to register you for the chronic benefit. They can do this by completing the chronic benefit application form, and emailing it to health4mechronic@momentum.co.za. We will review the request from your GP and we will tell your GP if we need more information, such as blood test results, before we can confirm your benefit. If we approve the benefit, your GP will give you a prescription for your chronic medication, according to an approved list of chronic medicines.

Where can you get your chronic medication from?

You need to fax or email your prescription to Medipost Pharmacy, and then call them to let them know where they must deliver your medication every month. You can fax your prescription to 0866 82 33 17 or email it to mhealth@medipost.co.za. You can call Medipost Pharmacy on 012 426 4000. We can only pay for your chronic medication if we have approved it and if your GP has prescribed it from the approved list of chronic medicines. You will need to get a new script from your Network GP every six months, and send it to Medipost Pharmacy.

Please note that this benefit is only available on the Graphite and Titanium options.
